ValCrest International has produced and distributed premium quality safety products to U.S. distributors and retailers since 2000. Working closely with overseas factories to ensure the highest quality standards are maintained, while keeping production costs as low as possible, we strive to provide the best prices possible for our customers. It is our goal to be recognized as a leader in competitively priced safety products, delivered with consistently high quality, styling and innovation. Whether for industrial or sports applications, our personal protection safety products help users feel both safe and comfortable.

Armor Optics is our cornerstone line of high performance safety glasses and goggles. We don't make glasses that fail quickly or have to be replaced often. Instead, we endeavor to generate repeat business through high customer satisfaction and positive word-of-mouth. You can count on our precision engineered safety eyewear to provide maximum protection for users with their premium quality, distortion-free lenses. Consistency in lens clarity, comfort, care...and competitive pricing make Armor Optics your best choice for superior performance in eye protection products. Always look to ValCrest for the peak of value.

We distribute the Armor Crest line of premium protective apparel (disposable clothing and high visibility apparel), Armor Dermis disposable gloves, safety helmets and ear protection, and also some of the more popular styles of workgloves.

For snow enthusiasts, we distribute the Blue Gazelle and Xtreme Infinity lines of winterwear.

We accept custom orders and container orders for all safety items, enabling our distributors to get the specific products needed with their own branding and also the best pricing possible.

ARMOR OPTICS

HIGH PERFORMANCE SAFETY EYEWEAR

Assorted lens colors are available in every style.

Traditional Safety Glasses

For basic safety eye protection in the workplace or classroom, try our line of traditionally styled high performance safety glasses and goggles.

- Legacy I S80**
- Nylon frame.
 - Extendable temples.
 - Rounded lens bottom.

- Legacy V S80A**
- Nylon frame.
 - Extendable and ratcheted temples.
 - Rounded lens bottom.

- Legacy III S39**
- Nylon frame. Extendable temples.
 - Squared lens bottom.
 - Also available in a junior size for smaller faces.

All of our safety eyewear have zero distortion, polycarbonate lenses which filter out 99.9% of UVA and UVB light. Most have hard coated, scratch resistant lenses. Available in assorted lens colors, and some with anti-fog coating. Darker lenses are great for use as sunglasses, too!

Armor Optics high performance safety eyewear is precision engineered to exceed the high impact requirements of ANSI Z87.1. Choose from traditional styles or our highly popular sporty models. Whichever you choose, you'll find that all of our safety glasses and goggles offer outstanding protection, clarity of vision and wearing comfort.

Traditional Safety Goggles

Our traditionally styled goggles have a PVC frame with an adjustable elastic strap and provide great protection.

- Poseidons G2910** Traditional safety goggles with direct vents.

- Poseidons II G6810** Traditional safety goggles with indirect vents for chemical / splash protection.

Traditional Visitors Glasses

Frameless and durable, our visitors spectacles are a great alternative for both ongoing and occasional use in that they are sized to fit over many prescription eyeglasses.

- Vestas V88**
- Basic visitors spectacles.
 - Uncoated lenses.

- Vestas II V30**
- Larger visitors spectacles. Rounded.
 - Uncoated lenses.

- Vestas III V57**
- Larger visitors spectacles. Squared.
 - Uncoated lenses.

IR3

IR5

ARMOR OPTICS

HIGH PERFORMANCE SAFETY EYEWEAR

Special safety eyewear for special needs.

Assorted Lens Colors

Safety Glasses - Special Sizes

Our safety glasses come in a number of different sizes. Our junior sizes, available in the most popular lens colors, are designed for narrower faces. We also have a few styles that have a wider and deeper lens structure in order to accommodate prescription glasses. Many standard styles also have extendable and ratcheted temple arms to adjust the glasses for the best fit over your ears.

Chirons Junior S28JR

- For smaller faces
- Frameless
- Wraparound style

Legacy Junior S39JR

- For smaller faces
- Nylon frame
- Extendable temples

Cronos Junior S19JR

- For smaller faces.
- Nylon frame.
- Extendable temples,
- Soft nosepiece for wearing comfort

Ogles S8210

- Extendable and ratcheted nylon temples
- Oversized to fit over prescription glasses

Armor Optics high performance safety eyewear is precision engineered to exceed the high impact requirements of ANSI Z87.1. Whether you need eyewear that is designed for smaller faces or eyewear that can fit over extra large prescription glasses, we have the styles for you. Find it hard to see when working up close? Then try our bifocal safety reading glasses!

Bifocal Safety Reading Glasses

Bifocal safety glasses are a great option for vision impaired users. With magnifying diopters placed on the lower portion of the lenses, these glasses are great for situations where eye safety is necessary but the wearer also needs assistance to read or see objects up close.

- Two great styles of bifocal safety glasses: VenusX and Hydras
- Lens powers of +1.0, +1.5, +2.0, +2.5 and +3.0
- Lens colors of clear, sunglass grey, and indoor-outdoor
- Nylon frame, a soft nosepiece, and soft temple tips.

VenusX S7610Q Clear

Hydras S7710Q Clear

VenusX S7610Q I/O

ARMOR OPTICS

HIGH PERFORMANCE SAFETY EYEWEAR

Padded eyewear for extra protection.

Armor Optics high performance safety eyewear is precision engineered to exceed the high impact requirements of ANSI Z87.1. Choose from traditional styles or our highly popular sporty models. Whichever you choose, you'll find that all of our safety glasses and goggles offer outstanding protection, clarity of vision and wearing comfort.

Padded Safety Glasses

Chirons S28P

- Popular wraparound style
- Padded foam on inner side of lenses for extra protection
- Available in assorted lens colors

Sporty Safety Goggles

- Our sporty ANSI Z87 safety goggles provide great protection in a low profile, compact style for extra convenience
- Foam-padded eyecups
- Adjustable strap
- Small vents to the temple side of each lens help minimize fogging
- Model G31 is designed with a hinged nosebridge so the goggles can be folded to fit easily into your shirt pocket.
- Available in assorted lens colors, including IR shades for welding

Apollos G27

Apollos II G31

- 55gm SMS material or 63gm Microporous Film over PP material.
- Sizes M - 4XL. Packed 25 per case.

Premium quality, heavyweight coveralls with outstanding durability and a comfortable fit for extended wear!

SMS material is comprised of 3 layers of polypropylene; 2 outer layers of spunbonded filaments and an inner layer of meltblown polypropylene (PP). Anti-static, hypo-allergenic, abrasion and tear resistant. Outstanding non-hazardous particulate protection with water-resistance and great breathability.

Microporous Film over spunbonded PP (MFPP) material is breathable, yet resistant to penetration by environmental liquids. Anti-static, hypo-allergenic, abrasion and tear resistant. Soft and comfortable, durable yet with some stretchability. Provides superior protection from non-hazardous particulates, and keeps liquids out while still allowing perspiration to dissipate.

Our ArmorCrest premium disposable clothing items provide great protection for the wearer and help maintain sanitary conditions in clean room environments. Choose from different styles depending on the application. Each piece is individually packaged in a poly bag.

Premium Disposable Clothing

SMS and Microporous Film Disposable Clothing

Fabric Construction

Multiple layers of material help to provide extra protection, yet maintain good breathability, too.

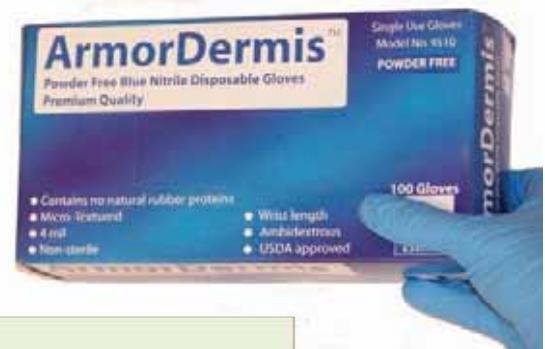

Nitrile gloves hold up better than latex gloves to various liquids, are more puncture and tear resistant than latex gloves, and do not contain rubber proteins for those users who are allergic to latex products.

BLUE NITRILE DISPOSABLE GLOVES

PREMIUM QUALITY ARMOR DERMIS™ BLUE NITRILE GLOVES

- 4mil blue 100% nitrile gloves
- Industrial grade. Non-sterile

Intimidation comes from within. But it doesn't hurt to look good, too. Blue Gazelle distributes functional actionwear for the slopes, ramps and waves to help give you that special look of invincibility. From our snowboard and ski gloves, beanies, ballcaps, T-shirts, high performance eyewear and accessories to new items being added to our line, all of our products are manufactured with a commitment to excellence through uncompromised quality and leading edge design. Of course, high quality and innovative styling comes at a price. But it's a price we pay so you don't have to. To set yourself apart, you need creativity and flexibility to explore new moves and terrains with playful and adventurous spontaneity. Speed. Power. Grace. Agility. And cold steel focus. You need Blue Gazelle.
